BIDDER NAME:

SIGNET

Bidders must list each job title for staff who will be providing services under this contract, and provide a single hourly standard rate and up to two overtime rates for each job title. Alternatively, bidders may show a daily rate, or a combination of daily rates and hourly rates, for each job title. Job titles must be listed regardless of whether these services will be provided by the OEM or by a subcontractor. If hourly rates for the same functional job title vary based on experience or other factors, this may be reflected in the job title, for example: Network Technician Level 1, Network Technician Level 2, Network Specialist (Cisco), etc.
